Somerset Air Service (SMQ) Announces Air BP as Primary Fuel Supplier

Air BP is Awarded Aviation Fuel Contract to Somerset Air Service (SMQ)

Salem, Oregon – April, 2008 – Air BP is proud to announce the inclusion of Somerset Air Service (SMQ) to the branded network of Air BP dealers. Somerset Air Service (SMQ), located in Bedminster, NJ, has chosen Air BP to provide their fuel supply, training capabilities and marketing assistance.

Somerset Airport, located at the George Walker Field, has served the tri-state area and the New Jersey aviation community for will over 62 years. Started by George Walker senior, it is now employing the third generation with Chris Walker and Steve Parker taking an active role in the business.

“We are excited to be on Air BPs winning team. The transition from our former supplier to Air BP was accomplished quickly and uneventful. For the short length of time we have been a dealer, we have experienced an increase in business and cash flow. THANKS Air BP.”

Somerset Air Service provides services for over 168 based aircraft. It supplies JETA and 100LL, maintenance for air frame and power plant. SMQ also offers aircraft storage with 4 large common hangars and more than 78 T/ Hangars with 48 plus tie downs available. In addition, SMQ has a very active flight school and Charter service. For more information, about Somerset Air Service or The George Walker Field visit: www.somersetairport.com.

“We are delighted to begin a partnership with Somerset Air Service”, states Dan Gallogly, Air BPs General Manager of East GA Sales. “We look forward to helping them reach their fuel and service related goals. We also appreciate their trust in us and we welcome them to our growing network of branded dealers.”
