Expanding Million Air Medford Named *Top Million Air Location*

Million Air Medford Expands 1st Class FBO

Press Release – April, 2009 – Million Air Medford (MFR), a subsidiary of Superior Air, has recently doubled their fueling operations by purchasing Jet Center Medford at the south end of Rogue Valley International Airport. The Air BP branded location is the premier fuel provider at MFR and plans to further operations after rebuilding their newly obtained facility from the ground up.

“The recent purchase is a consolidation of fueling capabilities. Million Air Medford is now flowing 90% of the total fuel volume on the airport including all airlines and the two largest fractional providers.” states Joe Keith, President of Million Air Medford. “Acquiring the additional fueling capabilities and available ramp space made good sense.”

Additionally, Million Air Medford was named 2008’s top Million Air location. The Medford, Oregon based FBO earned the title of *Top Million Air location* by offering top-notch services such as “red carpet” greetings, concierge services, gourmet catering, on-site notary services and full video surveillance of ramp and parking lots. Million Air Medford plans to extend these and many more first-class amenities into the new facility.

“Air BP is excited to watch the Million Air Medford FBO grow”, states VP Marketing & Sales Steve McCullough, “and we look forward to providing support to their expanding services”.
